

# The Ability Center

OPEN THE DOOR TO  
*Independence*

## **VOLUNTEER FOR A RAMP BUILD**

Discover the impact your business  
or organization can have by  
unlocking the door to independence

# Businesses and organizations are encouraged to fund the build.

## Projects starting at \$7,000

**Residential ramp builds** are designed for volunteers with little to no experience except the desire to help others become more independent. Team building, volunteer hours, or fundraising activities are possible through Ability Center ramp builds.

**Personalize your build** by choosing to support a veteran, child, or someone with a particular diagnosis. The search for the right candidate may take longer with personalized builds – inform us if you are looking to build for a specific person.

- Builds typically take place Monday-Friday
- Up to four volunteers per shift
- Liability waivers must be signed
- Volunteer shirts and lunch provided
