THINK DIFFERENTLY

what you think you know about disability

traditional peer-to-peer mentorships

job titles and cultivate careers for people with disabilities

canine companions who enhance independence

assistive technology aids in learning new skills

be an advocate equipped with tools to change the system

THINK Differently THEN ACT!
More often than not, we see the world in absolutes. All or nothing, good or bad, right or wrong, true or false — these are the things that we constantly reinforce to ourselves and others.

We are all born into a culture, and how we are perceived is entirely up to us.

In the spirit of creating the most disability-friendly community in the country, we introduce tangible steps to make this vision a reality... think differently then ACT!

Build a ramp for your neighbor to experience the world outside their doors, raise a puppy to provide a life-changing canine companion, or donate used equipment for people to stay safe in their own home. Activities built around this concept will be activated this year.

Stuart James
Executive Director
abilitycenter.org/thinkdifferently
Advocacy Projects by Issue Area

- 35% Accessibility
- 29% Housing
- 20% Healthcare
- 8% Transportation
- 6% Other
- 2% Ongoing Supports

124 Active Working Dogs

- 53% Service
- 29% Therapy
- 18% Facility

TOP 3

Durable Medical Equipment
1. Tub/Shower Chair
2. Wheelchair
3. Rollator Walker

Home Accessibility Projects
1. Ramps
2. Grab Bars
3. Handrails

Information & Referral Topics
1. Home Modifications
2. Assistive Tech and Durable Medical Equipment
3. Assistance Dogs

Advocacy Victories
1. Worked with TARTA to promote expanding public transit services county-wide and switching funding to a sales tax
2. Settled ACT v. Moline Builders, housing lawsuit increased accessibility of a 100+ unit condo community
3. Distributed a statewide disability needs survey and created a direct action plan to address disability needs
Establishing the Foundation of Success Through Annual Giving
