

Bodies Are Cool

Questions:

- Can you relate to a body in the book?
- If you see someone who is different from you, what shouldn't you do? (don't stare at them, don't point)
- What makes you and your body special?

Extensions:

- Create a self-portrait of yourself. After everyone has completed, partner up and talk about how you are different and how you are the same. It is okay to be different, it makes you special. (all have a nose, eyes, ears, hair, but have different hair colors, different eye colors, different skin colors)
- As you get older, your body will change. Draw what you think you will look like in 20 years.
