

The Sight Center
of northwest ohio

We don't change vision. We change lives.

Motivated by a mission to empower independence and enrich the lives of people who are blind or visually impaired, The Sight Center of Northwest Ohio offers a unique blend of programs and services that can help people of all ages work, learn, play and live independently with permanent vision loss. From the low vision clinic to high tech assistive devices, daily living adaptations, home safety enhancements, white cane training and caregiver support, The Sight Center changes lives every day.

With certified and credentialed staff, national accreditation, and nearly a century of blindness and low vision expertise, The Sight Center stands alone as the only comprehensive low vision resource center in the Northwest Ohio region. Established in 1923 as the Toledo Society for the Blind, a non-profit 501 (c) 3 organization, the agency has grown to serve an 18-county region in Northwest Ohio as well as parts of Southeast Michigan and Central Ohio.

The Sight Center also operates a unique retail store called The Shop. The Shop makes it easier for people who are blind or visually impaired to get the tools that help them live independently. In addition to providing solutions for everyday living, The Shop is a doorway to hope and a safe place to begin exploring the possibilities of doing more while seeing less.
